

New Helmet Policy for ALL Participants (Volunteers & Students)

Wednesday, 12 December 2012

December 12, 2012

Dear SEWASP Participants:

In preparing for the upcoming season, SEWASP has recently completed purchasing insurance through our parent organization, Disabled Sports USA. As part of that process we are required to institute a new helmet use policy this season. All participants (volunteers and students) must wear a helmet while on-snow.

Because we are announcing this policy late in the pre-season, if participants do not have a helmet when they show up at the hill, for the 2012-13 season, SEWASP will provide one of the following options:

- Provide a free helmet for the participant to wear and keep. We have a limited number of helmets in a limited number of sizes (mostly small sizes) to give away. When they're gone, they're gone!
- Provide a helmet for the participant to wear from SEWASP's stock of lesson helmets.
- Rent a helmet from the ski area for the participant to wear. Thank you for your understanding on this issue and thank you for helping to make SEWASP a safe ski and snowboard school.

Sincerely,
David Henderson
President
SEWASP Board of Directors
